Local Beet Harvest Nearly Completed

As this goes to press, beet deliveries throughout the district have dwindled down to a mere trickle as the largest harvest in beet growing in Alberta draws to a close. The end of last week found a great many of the growers finished up, especially the larger growers who had loaders to speed up the work. The stragglers are mostly growers who were caught without help and had to wait until help was available.

The weather man has certainly been battling for the growers this year. The soaking storm that came just at the end of September, and which by the way made many long faced and pessimistic, was the very thing that was needed to put the crop in ship shape for harvesting, and since then, while there have been a few blisters, there has not been anything that held up digging for more than two or three hours and the beets have come into the factory yards and to receiving stations in a steady stream, making the average daily deliveries for the thirty days of harvest the greatest in history.

Beets are nice and firm, with a good moisture content, and they are processing very good, with the sugar content 17.5 and rising as the weather cools. Present estimates are that 107 million one hundred pound bags of sugar will be processed this fall.

NOLAN'S CANADANS DISORGANIZED

Nolan's Canadans played their last dance job Saturday evening last. For two years or more this group of talented musicians have made an enviable record for excellent dance music. Their engagements have taken them all over Southern Alberta and wherever they have played they have been well and enthusiastically received. This summer they played a month's engagement at the Pavilion in Waterton Park and were enjoyed greatly by the many visitors to the Park. It is with genuine regret that music lovers as well as dancers learn of this breaking up, but we hope the future will bring forth other performers that will keep a good orchestra in Raymond.

VICTORY LOAN NEWS

Ottawa Nov 1. At halfway mark in the ninth victory loan campaign sales more than half national objective of \$1,500,000,000. Sales for first nine days up to Wednesday night were \$792,197,359 compared to \$667,592,150 for the same period in the eighth Victory Loan. Wednesday's sales totalled \$97,230,000 against \$90,551,000 for the same day last loan.

National News Desk

733 STUDENTS PREPARE FOR TEACHING CAREERS

A total of 733 students are enrolled with the University of Alberta faculty of Education in its branches at Calgary and Edmonton. Of these 134 are returned men. Officials consider this enrolment highly encouraging in the light of the present serious shortage of teachers in Alberta. In the Edmonton branch of the Faculty of Education, 164 first-year students are enrolled. 148 are pursuing undergraduate work, 67 are taking a half-year War Emergency course, 170 are pursuing a one-year War Emergency course, and 31 students are enrolled extension. In Calgary, 29 are enrolled in a half-year course, 89 in the day or War Emergency course, 16 in the first year of the two-year course, and 19 are enrolled in Industrial Arts.

Good Response In Clothing Drive

Over seven million pounds of good serviceable clothing resulting from the present National Clothing Collection drive have already been received at over 2,000 depots throughout Canada or have been packed and baled in the central warehouse for shipment overseas. Confidence is expressed at headquarters that the drive will go over the top by the end of the month but the physical task of collecting the clothing is enormous. From all over Canada, useful articles are streaming in to the collection centres, and the reports received from district chairmen are full of optimism. The extra time now available for collection has been heartily welcomed by many thousands of volunteer workers.

Some idea of the magnitude of the task may be gathered from collection figures to date. The City of Toronto has already accounted for well over one million pounds of clothing and London nearly 200,000 lbs. Montreal has not yet reached the million mark, but expects to double it within the next few days. In the Province of Quebec, 95 committees

have reported total of 360, with a total collection reported of over one million pounds. New Brunswick has reported 250,000 pounds and more to come; Alberta 307,000; Saskatchewan 307,000; Prince Edward Island 50,000; Nova Scotia 142,000; Manitoba 142,000; Yukon Territories 4,500; British Columbia over the top with 1,000,000 pounds; Southern Ontario (excluding Toronto) 3,000,000. Ottawa was one of the first cities to pass the objective, collecting over 320,000 pounds.

How much all these centres have increased their contributions since these figures were recorded is not known at headquarters. The quota which some committees have set is one lb. of clothing per person in Canada. As it is estimated that it takes ten to fifteen pounds of clothing to supply an outfit of warm comfortable garments, this means that the contributions of ten persons are necessary to outfit one destitute man or woman in distressed Europe. From these figures, it becomes evident that every ounce of clothing that can be spared must be given.

Halfway Through Victory Loan

RETURNED MEN: ATTENTION

On Friday evening, November 9th, in the Legion room at the Sugar Bowl, an election of officers will be held for the local branch of the Legion. The present officials have carried on during the war at the request of legionnaires without election, but now that so many men are at home, and more coming, they feel that the time is ripe for an election, and this will be part of the business in connection with the Social on Friday evening, Nov. 9th. Please

We are a little more than halfway through the 9th Victory Loan and Raymond and district total at noon on Thursday stood at \$175,000.

Satisfactory, but we must continue to push steadily if we reach the \$275,000 quota by the end of the year. Let's not let the Committee down. To go over the top before opening in the 8th Loan, and then to fall in reaching the quota in the 9th, just would not do, so let's dig down in that pocket a little deeper.

AN OPEN LETTER

To all Residents of Raymond and District who Responded so Generously in Contributing to the Success of The National Clothing Collection

Dear Friends:

The National Clothing Collection Campaign sponsored by the Canadian United Allied Relief Fund has been brought to a close.

I am sure you all will be gratified in knowing that this drive has been an unprecedented success here as well as everywhere throughout Canada.

7337 lbs of good serviceable clothing so gladly donated by the People of Raymond and District have been shipped from your home town to Regional Depot No. 1 at Lethbridge, where it is now being repacked for overseas shipment. It is hoped that by early November the clothing will be on the way to the UNRRA distribution points, and be in the hands of the needy before Xmas.

On behalf of the Raymond Committee I wish to thank you all and everyone of you for your whole hearted support and co-operation in this most humanitarian campaign.

I wish to thank, in particular, all the members of the Committee, and all the volunteer workers of the various service organizations for the labour and help in making this campaign such an outstanding success.

I sincerely believe that the Clothing when received in the war torn Countries of Europe will play a large part in lifting the hearts and the hopes of the stricken, enabling them to join us actively in creating security and peace in the world.

Sincerely Yours,
John Landysheff, Chairman.

James Weaver spent part of last week in Calgary getting his discharge from the RCAF and interviewing the Department about his financial settlements.

MRS. ALSTON PASSES

Mrs. Louise Alston, aged 84, pioneer musician and scout worker of Magrath, passed away at the home of her daughter there early Sunday morning.

Mrs. Alston was predeceased by her husband a number of years ago. This couple emigrated from Utah in 1900, and for 40 years she was a bulwark of strength in every musical endeavor in the Garden City. She was an accomplished pianist and besides teaching, she was organist and accompanist for vocalists for a long while. She had a lovely voice and organized choirs, choruses and so on amongst young and old and many of our present day choristers organists, vocalists and choir members in Magrath and Raymond owe their start and much of their ability to Mrs. Alston.

She was also the first lady Scout master in Canada, having organized the first troop in Magrath, and for this work she was presented with a medal by Lord Tweedsmuir, Governor-General of Canada when he visited Southern Alberta. The funeral is being held in Magrath Wednesday.

A son Joseph, and five daughters, Mesdames Mrs. Fletcher, Mrs. Johnson, Chester Alstund, Beth Thomas, the latter two of Glenwood and Mrs. Leora Fludka of Los Angeles, survive. We extend our condolences in their loss.

A Special Meeting of The Flying Club will be held in the Town Hall Friday night at 8:30 for the purpose of setting up a permanent committee and other business will be discussed.

Mr. and Mrs. A. B. Hancock and Mr. and Mrs. Geo. Loxton spent Sunday afternoon at Brirling with Mrs. Christensen, mother of Mrs. Hancock and Mrs. Loxton.

On Tuesday, 277,000 workers were reported idle in the United States because of strikes. Multiply this total by \$500 per day, which is about an average wage and you have a daily loss in wages of \$1,385,000. Not chicken feed, eh?

Hallowe'en was quietly observed in Raymond Thursday night with the kids making their rounds and getting a pretty good haul of the good things to eat. We have not heard of any serious damage being done.

FARM MACHINERY OFF RATION LIST

All rationing controls have been removed from sales of farm machinery, and restrictions on the production or importation of such machinery have been lifted.

Price controls remain. Generally, maximum price for farm implements is the price at which such items sold during the basic period, August 15—September 11, 1941. Quoted prices do not include cost of delivery to the purchaser.

Under Consumers' Credit Order No. 225, section 10, terms of sale for farm machinery are: 1/3 of quoted price paid in cash; the balance of the credit price to be paid within two years of the date of the contract in stated amounts at specified dates. Any allowance for a trade-in is to be deducted from the unpaid balance.

Despite the lifting of production restrictions, it is expected that the shortage of components such as malleable castings and sheet steel will limit the maximum output of farm implements during the year July 1, 1945, to June 30, 1946, to a 24% increase (on tonnage basis) over the output in the preceding 12 months.

Farmers' Poultry Prices

Farmers selling all types of poultry, except turkeys, direct to consumers are permitted a 25% markup over the wholesale ceiling prices established for the zone in which they are located. Turkey producers are allowed a 20% markup over the wholesale level.

Potato Storage Allowance

(Order A-1560 now in effect)
A storage allowance of 5c per 75-lb. bag of potatoes and 7c per 100-lb. bag is allowed on November 1. Another 5c per 75-lb. bag and 6c per 100-lb. bag may be added on December 1, and another 5c per 75-lb. bag and 7c per 100-lb. bag on January 1, 1946. There will be no storage adjustment for February but monthly increases will be resumed on March 1.

FARMERS' RATION COUPONS

Coupons covering former sales of farm household consumption of meat and butter, and sales of preserves must be forwarded to Local Ration Boards in primary producers' envelopes (RB-61). Reports for November should reach the Local Ration Boards not later than December 10.

Following are the valid coupon dates for November:

	MEAT	BUTTER	SUGAR	PRESERVES
November 1.....	M 9	128	..	..
" 8.....	M 10	..	..	..
" 15.....	M 11	129	66, 67	P 20, 21
" 22.....	M 12	130	..	..
" 29.....	M 13	131	..	..

Farmers are required to send in "M" coupons to the Local Ration Board for meat they consume, and meat they sell to former neighbours at the rate of 2¢ per coupon. Farmers who slaughter meat need not turn in at the end of the month more than half the valid meat coupons in the ration books of their household. Farmers who purchase meat from other farmers must surrender to the selling farmer one meat coupon for every 4 lbs. of meat purchased, even if this means surrendering coupons not yet valid.

FARM SLAUGHTERERS

Formers who slaughter for their own household consumption or for the consumption of their former neighbours, are not required to hold a slaughter permit. Any excess of farm slaughtered meat over the former's or his neighbour's needs may be sold only to the holder of a regular slaughter permit in quantities not less than a quarter of Beef or a side of Pork. Sheep, lamb or calves slaughtered by the farmer for his own or his neighbour's use may not be sold into the meat trade.

Licensed slaughterer's quotas for cattle have been temporarily suspended and until further notice a licensed slaughterer may slaughter all the cattle needed for his requirements.

Rationing is your assurance of a fair share.
is a protection against waste... shortages... inflation.
That is why farmers are asked to continue to collect and turn in coupons to their Local Ration Boards—once a month—in the RB-61 envelope.

For further information apply to the nearest office of the Wartime Prices and Trade Board.

DISCHARGED PERSONNEL MAY RETURN TO OLD JOBS

The Reinstatement in Civil Employment Act, passed by Parliament in 1942, sets forth conditions under which employers MUST REINSTATE their former employees in their employment after discharge.

This Act and its Regulations are administered by the Dominion Minister of Labour, through the National Employment Service. Reinstatement Officers are available in the National Employment Offices to answer inquiries, and assist in adjusting cases.

Employees—either men or women—are to be reinstated if:

- they worked for their employer 3 months immediately prior to enlistment, and were not replacing another employee who has since been reinstated;
- they left their employment to join the Armed Services, the Merchant Marine, or the Fire Fighters Corps;
- they apply to their employer for reinstatement, verbally or in writing, within 3 months following discharge in Canada or 4 months if discharged Overseas.

Provision may be made for extension of time if the employer's health prevents him or her from returning within the specified three months. In this event, the employer must be advised within the 3 or 4 months, as the case may be.

The following points in the legislation are also important:

- Discharged men and women upon reinstatement are to be given conditions not less favourable than would have been enjoyed had they continued in employment instead of joining the Forces.
- The period of time spent with the Armed Services is to count for seniority rights, pension rights, vacations with pay, and certain other benefits.
- Discharged personnel who cannot perform their former duties are to be reinstated in the most suitable employment available, at which they are capable of working.
- If an employer dismisses a reinstated employee within 6 months, he must be able to prove in court that he had reasonable cause for so doing.

ALL EX-SERVICE MEN AND WOMEN ARE URGED TO USE THE FACILITIES OF THE NATIONAL EMPLOYMENT SERVICE WHEN LOOKING FOR WORK.
